# Welcome to Bar Spectre

Nestled in a historic shophouse along Tanjong Pagar, Singapore's cultural enclave, Bar Spectre is a vintage apothecary cocktail bar that embraces mental wellness, celebrates imperfection and champions community-building.

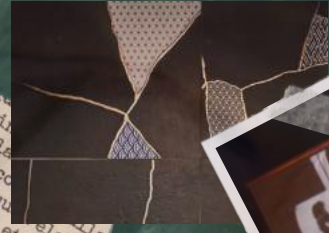

Helmed by House of Suntory Brand Ambassador and veteran mixologist Andrew Pang, our commitment to community is reflected in our versatile, cosy space thoughtfully curated for guests to gather and forge authentic connections.

Our events live on long after the lights turn down low. We're all about creating memorable experiences and celebrating life's unique moments, so bring your favourite company along, and let our dedicated team of event planners take care of your special occasion.
